Mattapoisett Selectmen's Meeting

JUNE 2, 1987-by VIRGINIA ARRAL
SANITARY LANDFILL PROBLEMS
WILL CONTINUE FOR YEARS

Ron Michalski, engineer with Tighe and Bond Engineers, who are working with the Board of Health to rehabilitate the sanitary landfill up to the rules and regulations set down by the state DEQE, met with Selectmen last Tuesday with Health Board members.

Michalski outlined the progress so far and the approaching problems to be handled. At the present time, Mattapoisett's landfill site, approved in 1972 under the umbrella of the grandfather clause, is not being forced into a clay-based, lined landfill that the DEQE has ordered for all cities and towns creating a new landfill. However, Michalski pointed out, that's not to say the state couldn't change its mind in a few years. If that happens, it could cost the town up to $5 million for a complete changeover to a lined landfill and phase out of the present site.

The town has kind of edged off their existing landfill border, the engineer said. "You must control

that and not meander off," he added. The engineer is surprised at the wavy line encircling the landfill. There are geometric lines to square off the landfill border. The state says this is alright as it involves only a few feet over.

For the complete rehabilitation and re-engineering of the present landfill site there are several state consent orders that must be followed. One of the major problems is with the quagmire that is created when it rains. It is proposed to make a higher point in the middle, let the water run to the sides, then drain the sides. It is estimated it will take two years to fill and slope it gradually. The state goes along with this providing Tighe and Bond continually improves the landfill site and keeps the state informed on the town's progress.

Ten years from now Mattapoisett might be told to go a lined landfill. In five years Tighe and Bond doesn't want to promise what will happen because the state could change its regulations again. The lined landfill law has been in effect for three years, Michalski said.

The hardest part is doing what the engineering design tells you to do. The town will have to bring in fill, move the brush, remove the metal, plant grass and tidy up the area - then the landfill has to be capped. The engineer said there is proposed legislation to help towns with state funds to cap their landfills to prevent pollution. The state looks more favorably on regional landfills and will, if possible, pay up to 90 percent for regional sites and 50 percent for one town. It is reaching a crisis, Michalski said, as there aren't many options available to oppose private landfills that are overwhelming some areas.

On note was the fact, Michalski explained, that in 1972 Mattapoisett was assigned 80 acres for a potential sanitary landfill site; a 25 acre area was engineered and approved by the state, but presently only 8 acres are being used. Somewhere down the road the town has to look into a long-range plan as there has been no engineering done on the 55 acres remaining. If the 55 acres are used

THE PEARL

Wonderful nature offers us a fascinating Gem, the PEARL.

The pearl is universally loved and admired. It has been said that "nothing can be added to fine pearls to make them more beautiful, except a lovely woman."

Pearls are the only birthstone of organic origin. They are formed by a salt water mollusc, known as Pinctada (completely different from the edible oyster) found in the Persian Gulf, Japan, The South Seas and the coastal waters of Australia.

Pearls may be caused by a bit of foreign matter, a grain of sand perhaps, being introduced into the soft body of the organism. Unable to expel it, the Oyster protects itself by coating the intruding particle with successive layers of Nacre and Aragonite. Native divers bring up the shells and thousands may be examined in order to find a few pearls. The pearls obtained are graded and valued according to their size, shape and color and lustre. It could take twenty years or more to build one fine perfectly matched necklace.

"Cultured Pearls"

The cultured pearl, which is seen most often today in jewelry stores, is created by forcibly introducing a mother-of-pearl "seed" into the flesh of pearl-bearing molluscs. They are then placed at the proper ocean depth for one to three years to complete their natural process. This technique was first developed in Japan. Pearls grown this way match the natural Oriental Gem in lustre and beauty. The pearls most in demand are the nearly white or rose (slightly pinkish); in some countries those with body tints of yellow, green, blue, lavender, caramel, grey or black are preferred.

"Imitation Pearls"

Considerably less expensive, and not approximating the natural or the cultured pearls for beauty, are the imitation pearls formed by dipping glass beads into a special fish scale solution. Since this is only a surface coating, the life of imitation pearls is limited.

in the future, it will have to be the clay and lined landfill at a cost of about a half a million. Michalski urged Selectmen and the Board of Health to keep the dollar sign in view so they realize the substantial cost in the future.

Michalski further explained that about three months ago the Board of Health's plan submitted to the state on where to place well test borings is still in a hold pattern until DEQE approves the plans. The town cannot use the old well borings because an engineer couldn't get a test boring in the old pipe. After approval from the state, Tighe and Bond will install the wells as part of the original contract price. The price of installed wells is $7,000, included in the $31,000 contract.

Selectman Frank Suzan asked if there will be any change when SEMASS is up and running. The engineer explained the state will still require the fill to be covered daily - it will still require machinery, an operator and a gatekeeper. If the town accepted trash from elsewhere, it could charge a fee to help out in costs. If more landfill is developed later as regional or accepting commercial trash, the town could qualify for more state funds.

Of immediate concern is the daily cover and removal of the metal and brush. Health Board Chairman Evelyn Ellis said the Board has signed a contract with Highway Metals, Inc. of Lakeville to remove the metal sometime in June at a cost of $300. per load.

Michalski concluded, in viewing a map of the landfill, that there is a lot of wisdom in not having cars drive in the landfill. "I can envision a movable dumpster at the front of the landfill to take material to the dumping area. You've got something here relatively simple

are handled."

In other business, Selectmen: HEARD A COMPLAINT from Burt Faure, 11 Holly Lane, on a neighbor's golden retriever dog jumping on small children near his home. Mr. Faure said he and his wife have a three week old baby that they push in a carriage on Holly Lane, and a four year old daughter who bicycles with a friend about the same age. This dog, which is not in its yard nor on a leash, jumped at the young friend, and now the children are afraid to go out on the street. He said he has called the dog officer on many occasions. He wanted to know how many repeat offenses have to occur before something is done about the dog.

Selectmen agreed they will request the dog officer to keep a record on the offenses. If they continue, the Selectmen will hold an open hearing on the problem. Selectman William Hubbard said, "We will do all we can before it hurts somebody." Selectman Hubbard, who is clerk of the board, conducted the meeting in the absence of Chairman John DeCosta. Mr. Decosta was on vacation.

RECEIVED A LETTER of complaint from William Armitage, 151 North Street, on the litter on North Street which, he wrote, "apparently comes from spill-over of private parties taking debris to the town dump. For two weeks or more there has been a large portion of a packing box on the edge of the road on the east side of North Street south of Crystal Spring Road." Mr. Armitage suggested a litter pick-up detail or some type of a regular schedule plus controlling of the source of this litter by having people going to the dump tying their load down. Selectmen will ask Highway Surveyor Manuel Nunes to get someone to check the area and remove the debris.

VOTED THAT ALL TOWN EMPLOYEES have Friday, July 3rd, off, the day before the July 4th holiday, rather than the Monday after the holiday.

TENTATIVELY ACCEPTED the offer of Edwin Hutchinson, 8 Justin Avenue, to use a tree on his property as the town's Christmas tree for the coming season. It has been checked by Executive-Secretary Carol Adams and found suitable.

APPOINTED Russell Converse temporary Veterans' Agent until such time as this position can be advertised. Mr. Converse has been working as clerk in the Veterans' office under George S. White

QUESTION:

WHY SHOULD ATHLETES HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because it can help their performance.

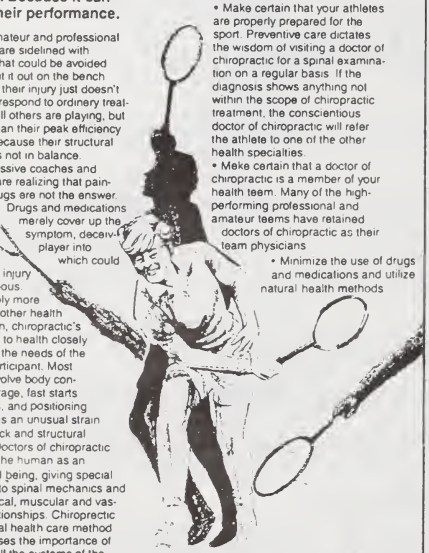
Many amateur and professional athletes are sidelined with injuries that could be avoided. Others sit it out on the bench because their injury just doesn't seem to respond to ordinery treatment. Still others are playing, but at less than their peak efficiency simply because their structural system is not in balance.

Progressive coaches and trainers are realizing that pain-killing drugs are not the answer. Drugs and medications merely cover up the symptom, deceiving the player into actions which could make the injury more serious.

Probably more than any other health profession, chiropractic's approach to health closely relates to the needs of the sports participant. Most sports involve body contact, leverage, fast starts and stops, and positioning that places an unusual strain on the back and structural system. Doctors of chiropractic consider the human as an integrated being, giving special attention to spinal mechanics and neurological, muscular and vascular relationships. Chiropractic is a natural health care method that stresses the importance of keeping all the systems of the body functioning efficiently, so the player enjoys peak performance, a minimum injury risk and fast recuperative powers.

Here's what you can do:

- Make certain that your athletes are properly prepared for the sport. Preventive care dictates the wisdom of visiting a doctor of chiropractic for a spinal examination on a regular basis. If the diagnosis shows anything not within the scope of chiropractic treatment, the conscientious doctor of chiropractic will refer the athlete to one of the other health specialties.
- Meke certain that a doctor of chiropractic is a member of your health teem. Many of the high-performing professional and amateur teems have retained doctors of chiropractic as their team physicians.
- Minimize the use of drugs and medications and utilize natural health methods.



Dr. Jean E. Peelor

Chiropractic Physician

34 Barstow St., Mattapoisett 758-3711

Also appointed Evelyn Pursley, 93 Marion Road to the Council on Aging. She is replacing Winifred Burnham, who resigned.

TOOK UNDER ADVISEMENT the application of William Armitage, 151 North Street to be considered as a full member of the Board of Appeals. Mr. Armitage has been an alternate member for 28 months and has attended most meetings. His experience includes 20 years of appointed and elective offices in local government from member of the Board of Appeals, Planning Board and Mayor of a town in New Jersey with 30,000 residents.

Sylvia Fales, chairman of the Appeals Board, and her committee will review all the applications received and make a recommendation to the Selectmen.

Also received was a letter of application from Robert A. Yeaton, 3 Millbank Road to be considered as a member of the Finance Committee. Recently retired, Mr. Yeaton is a former Director of Finance and Accounting for the Massachusetts Teachers' Association involving budget preparation, investments, administration and all facets of tax preparation and financial practices. He has also limited experience in municipal accounting.

Growth Study Comm. Sets Goals

by VIRGINIA ARRAL

A nucleus of 18 persons attended the Growth Management Study Committee meeting Thursday, June 4th, with some representatives from town boards and some interested residents. Peter Kortright, chairman, who said an invitation was sent to each town department, was disappointed there wasn't more of a representation.

Kortright urged that department representatives attend the next meeting scheduled for 7:30 p.m. June 18th at Village Court. It will also

be open to the public, he noted.
Ideas were tossed around at the preliminary discussion to set goals and objectives. Basically, the group will first compile information from the returned questionnaires and determine where the main concerns are of those responding. Kortright said 275 forms had been returned, with more to come. A more compact questionnaire aimed specifically at Mattapoisett's concerns will be distributed at a later date.

Some of the main goals are: education of and participation by town residents; comprehensive communication; financial issues, such as an increased tax base and capital spending; land banking; zoning rules and regulations; mapping of the town, such as what's available for commercial use; waterfront and harbor concerns; and restructuring of the town government process.

Wayne Walega, a local businessman and a member of the steering committee, spoke of a course on Creative Land Planning he took at Harvard Law School. A book on Creative Planning was very helpful and he recommended the steering committee read it. He cited an excerpt from the book as having a good premise for the committee - "Let's preserve

what needs to be preserved. Let's build what needs to be built. Then work together."

Walega also felt the term "cluster" zoning is a misunderstood word. This type of building would lower cost of construction and lower costs to the town. "Our zoning is the most expensive type in this town," Walega said.

Town Clerk Lois Ennis said the present zoning isn't in the best interest of the town. She commented the aim should be what Mattapoisett at large wants, such as land usage, and not specifically schools or government restructure.

Mrs. Ennis referred to Ellen Driscoll's comments as chairman of the Mattapoisett School Committee, who cited school repairs and money problems and its five-year capital plan. Dr. M.C. Rosenfield, chairman of the ORR District School Committee, said the schools take the largest part of the town budget, and "we don't want to get involved in elementary- versus high school needs". He added he felt representatives from the Mattapoisett Land Trust, Lions' Club and the Industrial Committee should be invited.

William Matthews, Planning Board representative and a member of the 1965 Master Plan Committee, said zoning by-laws resulted from that plan and that at that time the word was a dirty word. Matthews felt there

Martha Peterson, a biologist at Lloyd Environmental Center, asked "There have been studies done before, where are they now? This is the last push, and we have to realize the fact land is going to be developed in Mattapoisett."

Michael Dahill asked if our system of town government is operating efficiently. Should we be looking at some other form of government than three Selectmen?

Others attending were Steering Committee members Constance Keavy, Dan Ostrye, Randall Kunz and Nancy York, and town department representatives June Mendell, Housing Authority Director; Eleanor Lynch, chairman, and Virginia Arral, Council on Aging. Elaine Sylvia, former Selectmen's secretary, is serving as Secretary to the committee.

Kortright said there is a possibility of obtaining funds for the services of a town planner or consultant on a shared basis. Greer Ellis, a committee member, and Kortright agreed, "Mattapoisett is a gem - let's work together to keep it that way."

ported in part by the Massachusetts Art Lottery as administered by the Mattapoisett Arts Lottery Council.

Festivities will begin at noon in St. Anthony's Church Hall. Numerous attendance prizes are planned.

Sippican Chamber Orchestra

A concert entitled "Music for the Fun of It All" will be given by the Sippican Chamber Orchestra on Friday evening, June 19th, at 8 p.m. at St. Gabriel's Church in Marion.

The program will include the Toy Symphony by Jos. Haydn with "Surprise" soloists featured on toy instruments, and W.A. Mozart's "The Village Musicians" (a musical joke).

Featured on the program are George and Stephen Lessard playing "Concerto in D for Two Horns" by G. Ph. Telemann. The Lessards, father and son, are members of the Rhode Island Philharmonic.

Tickets are $5.00, Seniors $4.00, and can be purchased at the Mattapoisett Pharmacy and The Bookstall in Marion, or at the door the night of the concert.

The concert will benefit the new organ fund of St. Gabriel's Church.

A reception follows the concert.

tests are developed by experienced social studies teachers throughout the nation. The sixth grade team was composed of the following students: Sarah Pond, James Stewart, Christen Pusateri, Jason Doyle, Rebecca Wright, Alison O'Connell, Christine James, Chris Cambra, Oliver Gerber, Dawn Fennell, Aimee Francis, Marc Merusi, Kathy Ann Johnson, Nicole Poulin and Rebecca Peters. Mrs. Keane served as their advisor.

The team scored 383 points, only four points behind the first place team from St. Jude in Connecticut. Sarah Pond and James Stewart obtained a perfect score of 40 points and were named as "National Student Leaders" by the Olympiad. Both students are also involved in Project Lift, soccer, basketball and running at the Memorial School.

The fifth grade team tied with three other schools for fourteenth place in the fifth grade Olympiad with 350 points. The team members are Brishen Rogers, Ryan Agraham, Brad Piérce, Casey Cutler, Kelly Hanley, Heather Hartley, Jessica Major, Rachel Rounseville, Laura Cutler and Vicki Kucinski.

from around the world to participate in the Huntsville, Alabama Tranquility Base-NASA Space and Rocket Center's Camp/Academy. He attended the camp from May 24th to 29th.

The students trained like astronauts experiencing the closest thing on earth to space travel while learning about space, science, mathematics, physics, communications, teamwork, and career opportunities in science and technology. Each student participated in a rigorous 45 hour program of "hands-on" and content instruction taught by NASA specialists.

O.R.R.H.S. Graduation

Graduation exercises at Old Rochester Regional High School were held Saturday, June 6th, at 11:30 a.m.

American Field Service students graduating are Juan Enrique Guilbert from Honduras and Arne Kroidl from West Germany.

As they received their diplomas, their flag was presented and their national anthem played by the high school band.

Flag Bearers were Diana Hall, Brett

"Stand Tall Against Drugs"

"Stand Tall Against Drugs" is a 28-minute drug education videotape for middle school students featuring former Boston Celtics star M.L. Carr.

Sponsored by Bank of Boston, the production combines segments from one of M.L.'s "Stand Tall Against Drugs" middle school assembly sessions with portions of a youth forum staged last fall at Roxbury's James P. Timilty School. It premiered on March 31, 1987.

Mr. John Camacho, representing the Bank of Boston, at left, presented a video tape to Mr. Robert Gardner, principal of the Old Rochester Regional Junior High School on Friday,

Now available.....Limited edition hand signed and numbered prints of the Mattapoisett Waterfront.

June 5th.

The tape is intended to explore the facts about narcotics abuse and consequences in such a manner that young viewers can make up their own minds. It is expected that, with the facts available, most young people would reject pressure to lead them to experiment with drug abuse. The bank hopes that this gift tape will prove effective toward this end, since it is an audio visual format that the young person relates to readily, and will furnish a basis for judgement in this self-destructive area.

revue of the last thirty years of Broadway show tunes, marks the Art Center's anniversary as a cultural and entertainment hub. Conceived and directed by Scott Correia, the show briefly outlines the work of the Marion Art Center since 1957, but also rollicks through many of Broadway's finest musical numbers that audiences have left the theater humming since 1957.

The cast features Scott Correia, Paul Knipler, Sheryl Miller, Anne Schenck, Michael Ruderman, and Judith Coykendall, with a couple of special appearances by Ted Babbitt and Wendy Bidstrup.

The show opens on Saturday, June 20th, at 8:30 p.m., and will run June 21, 25, 26, 27 and 28 at the

Area Students

LOCAL STUDENTS RECEIVE DEGREES

RENSSELAER POLYTECHNIC INSTITUTE

Arlene M. Haskell, daughter of Mr. and Mrs. Lloyd Haskell of Mattapoisett, received a Bachelor of Science degree in Mathematics from Rensselaer Polytechnic Institute on May 15th. Arlene graduated from Old Rochester Regional High School.

DAVIDSON COLLEGE

On May 24th Steven Baggarly graduated from Davidson College in Davidson, N.C. with a B.A. in sociology.

Later in the day he married Kimberly Williams of Virginia Beach, VA. in Lingle Chapel on the Davidson campus. She also graduated that day with a B.A. in political science.

Steve is the son of Bruce and Pat Baggarly of 142 North Street, Mattapoisett.

ST. BONAVENTURE UNIVERSITY

Danielle C. Bessette of Mattapoisett received a degree in Mass Communication during the 127th commencement exercises May 17th at St. Bonaventure University.

Last Camera Class until Fall

Starts June 17th

Give us eight weeks and we'll give you BETTER PICTURES. When we opened in 1985, we discovered that a lot of people were buying good cameras but continuing to take only "snapshots". Today's cameras are capable of so much more, we decided to hold classes to teach people how to get maximum use of their equipment. We've been doing it every eight weeks ever since. If you'd like to take BETTER pictures, be more comfortable with your camera, learn a few "tricks of the trade", give us eight weeks and we'll make you a better photographer. We'll start with the basics and go on into "flash" photography, night-time-exposures, the use of filters, lenses, and much much more. We meet on Wednesday evenings from 7:30 - 9:30 (and one Sunday for a field trip) and we'd like to have you with us. Enrollment is limited, so please register now. (Next class will start in September as we go to Jackson Hole in August)

Our 18th Year

Jerome and Maureen Pedro of Rochester, has been chosen a State Finalist to compete for the title of Miss Massachusetts National Pre-Teen. Heather, 12, will join other contestants from the state at the Worcester Marriott June 20th. She is in the seventh grade at Old Rochester Regional Junior High School.

The Miss National Pre-Teen Pageant is in its 7th year and was founded by Mrs. Sybil Shaffer, National Director of the America's Miss National Teen-Ager, now in its 16th year. A scholastic/talent competition, there is no swimsuit portion.

A portion of the proceeds from the Pageant will be presented to the Juvenile Diabetes Foundation International.

Heather is sponsored by Ocean

The four officers will be responsible for the organization and operation of all Honor Society activities.

Elected as president was Michael Gajewski, a Mattapoisett resident, in the Machine Drafting Department. Thomas Ross, an Acushnet resident, in the Machine Department, was elected vice president. Elected as secretary was Cindy Dintino, a Cosmetology student, from Carver. Randy Amarello, a Machine Department student from Acushnet, was elected as treasurer.

STUDENTS ASSIST FAIRHAVEN HIGH

Recently Junior and Senior Electrical students at Old Colony Regional Vocational Technical High School came to the aid of Fairhaven High School's English Department. The Old Colony students, under the direction of Instructor Michael Forand, designed and constructed an Electrical Display System for use in Fairhaven High's "Jeopardy Game Show".

The portable unit will be used to identify the first person responding to questions posed by the Game Show Moderator. Ms. Florence Chase, Eng-

Softball Marathon

It's time to register for the Bud Light Easter Seal Softball Marathon to be held in the New Bedford area on Saturday, June 20th, and Sunday, June 21st. The event is open to any team or group ready to play ball for the benefit of local people with disabilities.

Proceeds from the Bud Light Easter Seal Softball Marathon help bring Easter Seal services to disabled children and adults throughout Massachusetts. Services include swim programs, summer camp, equipment loan, stroke support groups, physical and occupational therapy, speech therapy and home health care.

Any business or group can register a team for the Softball Marathon. Call the New Bedford Easter Seal office for information, 997-1553.

LEGAL ADVERTISEMENTS

TOWN OF ROCHESTER, MASSACHUSETTS
REAL ESTATE CLASSIFICATION HEARING

In accordance with Chapter 369 of the Acts of 1982, the Board of Selectmen will hold a public hearing on the issue of allocating the local property tax among the following classes: Residential, open space, commercial or industrial.

The hearing will be held in the Selectmen's Office at the Town Hall, Rochester, Mass. at 7:00 P.M. on Monday, June 22, 1987 for the purpose of determining whether or not Rochester shall remain with one tax rate as in past years.

All interested taxpayers are invited to attend and provide input to the Board of Selectmen, who must decide if Rochester will have one or more tax rates. The Board of Assessors will be in attendance to provide information and data relevant to making that determination.

questions on the warrant are necessary. Even after responsible cuts, budgets for services came to more than Mattapoisett could finance under the restraints of Proposition 2½. The Finance Committee recommended and the townspeople supported, at the May Town Meeting, an override vote for Article 24 for the Town's share of expansion of sewer treatment in Fairhaven (Question 1); Article 23, for Center School boilers (Question 2); Article 25 for Corrosion Control Facility to reduce corrosion of our water pipes (Question 3).

The voters at the Town Meeting also voted an override for Fire Apparatus to replace the 1964 fire engine because of the possibility of a failure in an emergency (Question 4).

Question 5 provides additional operating money as Mattapoisett's share for Old Rochester Regional High School. This is to maintain its quality of excellence as a secondary school. ORR deserves our help! ORR has the lowest drop-out rate of any High School in our

LETTER TO THE EDITOR

As the Old Rochester Regional School District comes to the end of the fiscal year, it is important for the taxpayers of the three towns to know the current budget position. We entered fiscal 1986/7 with a surplus account of $7,000 and we hope to start fiscal 1987/8 with a projected maximum of $25,000. Contrary to the rumors that we are sitting on large amounts of surplus cash, we have never had large amounts in reserve.

Since 1977 the district has used its so-called "surplus" to reduce the assessment to the taxpayers for an average of $100,000 a year. By law, we are allowed to have up to 5% of the operating budget in an "excess and deficiency account", which would be some $200,000 based on a certified budget: a practice that past committees have refused to do.

For the past six years the budget has grown by only 4.3% per year and we have warned town officials that we would reach the point where we could no longer return unused funds to reduce taxes; we have reached

ORR Girls' Track

IN STATES

Qualifying members of the ORR Girls' Track Team competed in the state individual meet in Ashland and scored extremely well.

Priscilla Clark returned home as the State Shot Put Champion. Tricia Bradley took the bronze medal in the Javelin as did Becky Corkum in the Triple Jump. Becky continued to score by taking fifth place in the 100 Meter Hurdles. Sophomore Rachel Bates just missed placing in the Discus. Two ORR jumpers, Nicole Lyonnais and Margaret Flynn, placed in the Long Jump.

In the running events, Margaret Flynn scored in the 100, Tiffiney Rebello, Raquel Rezendes, Nicole Lyonnais, and Margaret Flynn took

Readings by Local Poet

Caroline Finkelstein will present a reading at the Plumb Memorial Library in Rochester on Wednesday, June 10th, at 7:00 p.m.

Caroline Finkelstein was born in New York City and has awards for poetry including grants from the Vermont Council on Arts, Massachusetts Artists' Foundation and the National Endowment for the Arts. Her book Windows Facing East was published in 1986 by Dragon Gate, Inc. Press in Washington.

She has taught poetry from grades one through graduate school and has given her most recent series of readings at universities in Virginia. She lives in Rochester and has done so for the past seven years. She is working on her second collection of poems.

The Friends of the Library is sponsoring this program and invites everyone to attend. Refreshments will be served.

presents an evening of "WOMEN IN JAZZ" at the Zeiterion Theatre, 684 Purchase Street, New Bedford, on Saturday, June 20th, at 8 p.m. This exciting concert will feature the Ruby Redd Orchestra, an all women, 16-piece big band, plus special guests, performing the music of the legendary Mary Lou Williams. Tickets are $10.50, $8.50 with a $2.00 discount for seniors, students, and children. They are available at the Zeiterion Box Office.

For more than 13 years, the New Bedford Women's Center, a non-profit organization, has been a dynamic force in the Greater New Bedford community, providing numerous resources for women and their families in the areas of health, domestic violence, and sexual assault. The services of the Women's Center reach more than 5000 women and children each year and are provided by culturally diverse staff and volunteers. The Women's Center's building suffered a tragic fire in late January and is currently being restored by the City, who owns the building. Proceeds from "WOMEN IN JAZZ" will go towards refurnishing the Center.

"WOMEN IN JAZZ" is being produced by Studio Red Top, a resource center for jazz women and men whose mission is to promote appreciation of jazz

music and to improve employment for women musicians. The Women's Center and Studio Red Top share a common commitment toward promoting positive images of women. In addition to utilizing all female musicians onstage, the music of Mary Lou Williams is significant in that she is considered the greatest female instrumentalist in jazz. She was the only jazz musician -- male or female -- to live through and play the music of every era in jazz history.

This program is supported, in part, by the Massachusetts Arts Lottery, as administered by the New Bedford Arts Council and the Massachusetts Council on the Arts and Humanities, a state agency. For further information call the Women's Center at 996-3341.

Rotch-Jones-Duff House

"PERENNIAL PLEASURES" GARDEN CLASS

On Saturday, June 13th, from 9 to 10:30 a.m., the Rotch-Jones-Duff House & Garden Museum will present a class entitled "Perennial Pleasures", taught by Jeanie Gillis of Heritage Plantation of Sandwich. The class will be held at the Coachman's House on the corner of Madison and Seventh Streets at the rear of the Museum property, New Bedford. The cost is $3.00; $2.00 for members. Please call 997-1401. Subsequent topics will be "Floral Arrangements" by Jessie Cardin and "Roses" by Dave Ellis.

Ms. Gillis, a horticulturist since 1977 at Heritage Plantation, received her degree in plant and soil science from the University of Massachusetts and interned at the Arnold Arboretum. This class will be an introduction to the selection

Children's Museum

UPCOMING PROGRAMS

Upcoming Geology program, ROCK HUNT, is offered at the Children's Museum. On Saturday, June 20th, at 1:30 the Museum is pleased to offer a walk to two select local sites to collect unusual minerals. This program will be of interest for the beginner and experienced alike. Lee Vargas, an expert on southeastern Massachusetts geology, will lead the walk. The Museum is very fortunate to have someone with Lee's expertise. He will make it an informative, interesting outing. The hunt is offered for ages 8 and up and the cost is $1.00 for members and $1.50 for non-members. Pre-registration is required.

On Saturday, June 27th, from 2 to 3 p.m. we offer "MAKE A TERRARIUM". This program is a parent-child workshop for children 3-5 years with a parent. Together you will design your own miniature garden under glass. We will supply all of the necessary equipment. The cost of this program is $3. per member team, $4. non-member team, and pre-registration is required.

On June 30th at 1 and 3 p.m. we will have a Movie Day with a Walt Disney movie. Call the Museum at 993-3361 for the title. The movie is free with Museum admission.

Please don't forget that we are once again having Kids Week July 18th-25th. More details are up-

coming on this wonderful fun-packed week. See you at the Museum, or if you have any questions call 993-3361. We are open Tuesday-Saturday 10-5, Sunday 1-5. The cost of admission is $1.50 for children and $2. for adults.

Women's Golf

The Little Harbor WGA held their weekly tournament on Wednesday, June 3rd. Eighteen holes were played using only three clubs and a putter. First place was taken by the team of Marion Heath, Joan Jepson, Gladys Sundling, and Helen DeMello. The second place team members were Fran Mann, Betty Newberg, Laura Buitta, Jean Keir. Third place was taken by Sylvia Fish, Mady Courville, Dot Fahey, and Esther Chapman. Marie Hamblin was closest to the pin on hole number one and Wendy Forbes was closest on number eleven.

the Lloyd Center for Environmental Studies presents a weekly walk entitled "The History of Gidley Farm". The walk will include visits to an ancient spring utilized by Native Americans and early settlers, a stone bridge built in the late 1800s as well as a long stroll through the woods and gardens. Alfalfa is grown in one of the fields to supply hay for the elephants at the Buttonwood Park Zoo.

The owner of Gidley Farm, Mrs. Ruth Carter Burgess, has offered the Lloyd Center the opportunity to bring guests to this very special spot. Through her hospitality walkers will be able to take a step back in time and view a homestead which has been occupied for almost 300 years.

Registration for Lloyd Center walks is limited, although they are free and open to the public. Call 990-0505 to pre-register.

FEW SPACES IN SUMMER PROGRAM

There is still space left in the August session of the Lloyd Center's unique Summer Program in Coastal Studies. This program, now in its sixth season, is a four-week daytime learning experience, designed to give motivated students an opportunity to explore the many aspects of marine science. In August two sessions are scheduled, one each for students entering grades 7 and 8.

Each of the sessions emphasizes both field study and recreation and focuses on a particular aspect of coastal ecology. The primary goal of the Summer Program is to increase the participants' understanding of coastal ecosystems and human interdependence with them. At the Lloyd Center daily classes integrate field work with laboratory investigation. In addition, students plan and par-

MATTAPOISETT VILLAGE

It's true! This center chimney Gambrel is just steps from the town beach. Built by Manuel Linhares 35 years ago, it includes a front to back living room with fireplace, dining room, large kitchen and 3 spacious bedrooms. There are 1 1/2 baths, oak floors up and down and a 10x13 screened porch. Detached one car garage. A beautiful home for only $239,000.

MATTAPOISETT $149,900.

Just as snappy and clean as a new home. It would be- this ranch is in excellent condition. There are 3 bedrooms, full ceramic bath, living room with fireplace, bright cheery kitchen, 1st floor laundry area and family room with wet bar. Large deck on side and rear overlooking 2/3 acres bordered by a brook. May we show you through today?

MATTAPOISETT

PRICED TO SELL in plenty of time to use this summer. Don't miss this three bedroom home in beach area for year round and vacation living on a large wooded lot in a nice neighborhood. Call today. $155,000.

MATTAPOISETT

Contemporary one story home featuring a splendid cathedral ceiling living room with dining area and three bedrooms together with 2 full baths. The kitchen comes complete with dishwasher, refrigerator and range, and there is a two-car garage. A screened-in porch completes the package and the home is in an unusual tranquil setting with acres of natural saltmarsh to ensure undisturbed privacy. $225,000.

MATTAPOISETT

Well located Cape with full dormer providing 4 bedrooms, 2 full baths, living room with fireplace, large kitchen with dining area. There is a finished and heated basement recreation area. A lot of home for $189,900.

MATTAPOISETT

A classic 2 year old Cape on desirable Hitching Post Road in a beautiful landscaped setting. Offering 4 bedrooms, 2 1/2 baths, including elegant master suite, fully equipped kitchen, dining room and a gracious living room. There is a 2-car garage with electric door opener. The large basement opening directly onto the yard is ideally suited to be finished as a large recreation or family room. 3 heat zones including the basement. A splendid buy at $270,000.

This year, let Dad slip into something comfortable.

THE ORIGINAL Pawleys Island ROPE HAMMOCK

All Dad needs to be really comfortable is the Original Pawleys Island Rope Hammock. There are plenty of imitations but only the Original Pawleys Island Rope Hammock is the genuine article. And after all, Dad deserves nothing less.

- Handmade by skilled American craftsmen.
- Made from the highest quality rope and oak stretchers.
- Known for their long standing tradition of comfort and quality.
